

HAMMER RRH-2000

Features:

- Designed and developed for renovation work, the RRH-2000 is a new hammer to the Red Rooster programme.
- The hammer has a very high energy blow per minute but has the advantage of very low weight.
- An ergonomically designed grip enables both right and left handed use without compromising on comfort.
- Supplied as standard the hammer is delivered with an open retaining spring to enable the use of both pointed and broad blade chisels.
